

IMITATION CERAMIC & WOOD

CERAMIFLEX

- Insulates against the cold
- Quieter than solid products
- Retains good looks
- Tough RAYTAN surface
- Better for Asthma sufferers
- Excellent imitations & patterns
- Good to the feet, Comfortable underfoot.
- **Use real grout**

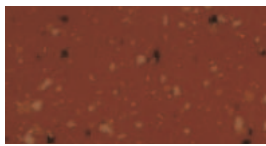

It's **Raytan** surface has double the wear rating of PVC flooring.

Responds well to wet or dry buff and high gloss is achievable.
